

Kaweah Health Lifestyle Fitness Center

5105 W. Cypress Ave. • Visalia, CA 93277 • 559 624 3400

Certified, Safe Ways to Bring Kids to the Gym

Our recently redesigned Kid Zone features an engaging environment with age appropriate areas and activities for infants, toddlers, and older children. We offer an interactive soft play area for toddlers as well as air hockey, foosball, and basketball for older children. The Kid Zone at our Visalia fitness center is designed to create an atmosphere that encourages health and fitness through activity.

Parents go ahead and pat yourself on the back and feel great knowing that you are creating a lifestyle for your child that encourages health and fitness. Your child will also have the opportunity to develop socially through peer interaction and make friends. So parents go ahead and get your sweat on but, don't sweat the kids! Let us take care of all the fun because the TLC Childcare Kid Zone is here for you and your family.
